

How to get to our boats in Tossa de Mar:

GOOGLE MAPS: <https://maps.app.goo.gl/j3KErmCEFGgZRBVx6>

1. In the centre of Platja de la Mar Menuda there is the Gabriel Mar floating platform. This will be the boarding point, but it is a limited area of space.

THE USE OF THE PLATFORM, WHICH IS SHARED WITH MORE THAN 100 BOATS, SHOULD BE MINIMIZED. THE WAITING AREA IS THE BEACH, NOT THE PLATFORM.

1. Delivery procedure

Customers wait on the beach until they contact the CBRB manager. The phone number is +34 657 560 693.

Once the call has been received, ONLY the captain goes to the platform, boards the boat and the delivery and payment procedure is carried out.

Once the contract has been formalised, the people waiting on the beach are notified to go up to the platform and load it onto the boat.

The people and the material are loaded and the pontoon is IMMEDIATELY released. The boat is tidied up and organised outside the pontoon to let it free.

2. Returning procedure

The CBRB manager is called at the same number 15 minutes in advance.

The manager boards the boat, and WE LEAVE THE PLATFORM, WE collect the things, check out and prepare to unload. Once everything is ready, our manager will take you to the platform to unload and go directly to the beach, without staying on the platform.

Thank you very much for your collaboration.
